By establishing and maintaining an active contract register, the Authority will be aware of expiring contracts and have the ability to request proposals for new contracts with adequate timing for vendors to respond. This will allow the Authority to closely monitor the procurement of goods and services.</i>
Authority's Response:	<i>A new Bookkeeper was hired in September 2017. Effective as of the date of this report the Bookkeeper's job description has been updated to include maintaining a formal contract register. H. Annual Rent Calculation and Compliance

Exceptions Noted:

1. The Firm identified five (5) tenant files where the notification of rent redetermination was not sent at least sixty days prior to the effective date.
2. The Firm identified four (4) tenant files where the notice of rent change was not sent at least fourteen days prior to the effective date.

Authority's Response:

The former State Housing Manager resigned in June of 2017. A new State Housing Manager was hired in July, 2017. Following review of the resident files in November 2017, the newly hired State Housing Manager was fired during the probationary period. The Housing Authority discovered that the State Housing Manager was not meeting job expectations and the following procedures in accordance with the lease agreement were not being followed:

1. Notification of rent determinations were not sent to residents at least sixty days prior to the effective date.
2. Notification of rent changes were not sent to residents at least fourteen days prior to the effective date.

Rather than hire a new State Housing Manager the Housing Authority decided to combine the State & Federal Housing Manager positions. The Federal Housing Manager has extensive experience and has worked for the Housing Authority for nine years. In addition, an Administrative Assistant was hired in February 2017. The Administrative Assistant's job description is to assist the State/Federal Housing Manager with providing proper resident notification on a timely basis, in accordance with the lease agreement. The notifications include but are not limited to unit inspections, rent determinations and rent changes.

A requirement of the lease agreement states that all resident rents must be recertified annually. The residents are notified via letter regarding the recertification process and deadline. In order for the Housing Authority to process recertification's on a timely basis all paper work must be submitted by residents to the office by a specific date. The Housing Authority has had ongoing problems with some residents getting them to comply with their lease agreement related to the recertification process. On several occasions thirty day notices have been issued to force compliance. As a result, some resident recertification's are not done on a timely basis, through no fault of the Housing Authority.

Respectfully,

Laura Glynn
Executive Director
